

DISC HARROW HYDRAULICALLY FOLDED

Disc Harrow Hydraulically Folded is the machine developed for the heavy tasks. The working widths reaching 6 metres and optionally available transport equipment prove useful in the intensive and quick cultivation of the stubble fields. BTCH is efficient with the low fuel consumption at the same time.

BTCH

Model	BTCH40	BTCH45	BTCH50	BTCH55	BTCH60
Width [m]	4,0H	4,5H	5,0H	5,5H	6,0H
Discs [pcs.]	32	36	40	44	48
Power requirement [hp]	120 - 150	130 - 160	140 - 180	160 - 190	160 - 200
Weight [kg]	1200	2500	2800	3100	3500
Efficiency [ha/h]	2,8 - 4,2	3,1 - 5,0	4,8 - 6,0	4,4 - 6,1	5,0 - 7,0
